### AT THE COLONIAL.

With a four-reel feature of late photoplay production, "The Initial E," and three other subjects of interest the Colonial offers today an unusually varied program. Fascinating dramas of love and adventure are always to be found here and the holiday bookings include many notable releases.

### AT THE SURPRISE.

For today's program, at the Surprise, a two-reel drama, "Three Men Who Knew," will be the principal feature. It is a weird and strange subject dealing with three men who discover a Hindu temple and destroy the immense building. They are punished by a Hindu servant. It is a strong and interesting story. The animated weekly of current events at home and abroad enlivens the bill.

### HE FELL IN LOVE WITH HIS WIFE

The shelves of all the public libraries contain the novels of the late E. P. Roe. All readers know them; they are standard; are read and always will be read by all classes for they contain a charm peculiarly fascinating and elevating. Strange to say that but one of his books was ever dramatized, but out of that the dramatist has created a powerful drama, "He Fell in Love With His Wife" will be presented at the Oliver theater tomorrow, matinee and night.

### AT THE MAJESTIC.

"Who Is Who" is the title of the musical comedy bill that the Majestic company is now presenting. The story is a lively one and deals with the romance and trouble of an eccentric gentleman and his mischievous son. Various disguises assumed add to the confusion. Many song numbers enliven the show. They include: "It's a Cold Cold Winter," sung by Walter Barshaw; "Mrs. Rip Van Winkle," by Eddie Burns; "Our Hat's Off to Mr. Wilson," and "The Home Town Jubilee," by Phyllis Ellis.

### AT THE LASALLE.

A four-reel Paramount release, produced by Hobart Bosworth and featuring Adel Farrington, is "The Country Mouse," featured at the LaSalle today. This picture has been highly praised elsewhere. It concerns the affairs of a young politician who is elected to the legislature and moves from his country home to the big city. His wife is unused to such surroundings and appears to a disadvantage amid the gay surroundings. Her husband neglects her but by clever feminine devices, fine clothes and the aid of a beauty specialist she wins him back. On the same program are two comedies, "Her Brave Hero" and "His Doctor's Orders." Both are widely different but very amusing.

### TODAY.

"Today," which will be seen at the Oliver tonight, is a moral play. The play is a moral one which shows the sinner suffering the penalty of his sin. Lily Wagner died for her love of clothes. Her fate cleared the vision of every woman in the audience as to the true value of clothes in a well ordered life. Therefore is its appearance a benefit to the community. Harry Von Tilzer has supplied a magnificent production and a notable cast, including Eleanor Miller, leading woman last season with Mr. Hackett, Hallett Thompson, who scored so heavily during the year's run of "Today," at the 48th street theater; Marie Reichardt, last season, with David Warfield; Phoebe Bates, Marie Danes, Anton Asher, Arthur J. Wood, Sara Hubbard and Frank Stone.

### UNDER COVER.

Important among the offerings this season at the Oliver will be the first visit to this city of Roi Cooper Meegrue's exciting new American play of love, laughter, mystery and thrills, "Under Cover," presented under the direction of Selwyn & Co., Saturday, matinee and night. Not since the memorable world-wide sensation created by "Within the Law," which Selwyn & Co. also gave the stage, has any melodrama of modern metropolitan life achieved such instantaneous and lasting popularity with all sorts of theatregoers as "Under Cover." "Under Cover" is an up-to-the-minute mystery story concerned with transatlantic smuggling, the smart set, amongst whom some of the rich suspects take refuge and in secret service agents who are detailed to hunt down the wealthy wrongdoers. Although innocent herself, a beautiful young woman of high social position is, through force of circumstances, drawn into the affair and to shield a younger sister is trapped into spying upon the man she loves. The reluctant duel of wits moves at a pace which entralls the audience and just before the final curtain there comes a climax so unexpected and surprising as to make one fairly gasp.

### How To Get Rid of a Bad Cough

A Home-Made Remedy that Will Do It Quickly, Cheap and Easily Made

If you have a bad cough or chest cold which refuses to yield to ordinary remedies, get from any druggist 2½ ounces of Pinex (50 cents worth), pour into a pint bottle and fill the bottle with plain granulated sugar syrup. Start taking a teaspoonful every hour or two. In 24 hours your cough will be conquered or very nearly so. Even whooping cough is greatly relieved in this way. The above mixture makes a full pint—a family supply—of the finest cough syrup that money could buy—at a cost of only 54 cents. Easily prepared in 5 minutes. Full directions with Pinex. This Pinex and Sugar Syrup preparation takes right hold of a cough and gives almost immediate relief. It loosens the dry, hoarse or tight cough in a way that is really remarkable. Also quickly heats the inflamed membranes which accompany a painful cough, and stops the formation of phlegm in the throat and bronchial tubes, thus ending the persistent loose cough. Excellent for bronchitis, spasmodic croup and winter coughs. Keeps perfectly and tastes good—children like it.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, rich in gualiac, which is so healing to the membranes. To avoid disappointment, ask your druggist for "Pinex." A guarantee of absolute satisfaction, or money promptly refunded goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

Kalem featuring Alice Joyce, "The Fable of the Bush League Lover Who Failed to Qualify," by George Ade, telling how Homer Spilvens found that the art of love making couldn't be learned from books, featuring Beverly Bayne and Wallace Beery, "The Rose at the Door," a portrayal of the third of "Oliver's Opportunities" featuring Mabel Trunnelle, Bigelow Cooper, Edward Earle and Herbert Prior and "A Matter of High Explosives," Edison comedy by Mark Swann are the pictures on the bill at the Auditorium today.

Tomorrow's bill includes "Her Bitter Lesson," a two act Kalem drama with Alice Hollister, "Sweetie and the Hypnotist," Essanay comedy, "He Made His Mark" and "Dobs at the Shore" two Lubin comedies, "Through Desperate Hazards" with Arthur Johnson and "The Moonshine Maid and the Man" a Vitaphone drama with Helen Gardner and Ned Finley telling the story of Dave although bashful is as romantic as the mountain wilds in which he lives. He is anxious to marry Nance and determines to win the \$1,000 reward for the arrest of a band of moonshiners. He notifies the custom officers of a clue he has and leads them to it. A fight ensues and Dave is mortally wounded. Before he passes away he learns that Nance's father is the owner of the still and she is the "man" whom he suspected of being one of the moonshiners. Francis Bushman and Beverly Bayne will be seen on Thursday in "Every Inch a King."

### AT THE ORPHEUM.

George Damarel, the handsome leading man of a number of musical comedies, is appearing at the Orpheum as the headline attraction with a company of 15 singers, dancers and musicians in a sketch of the Philippine islands entitled, "Ordered Home." It is a musical military drama and tells the story of a youthful lieutenant of the United States army, growing weary of the daily routine, becomes enamored of a brown skinned daughter of the jungle to an extent that involves him in an extent. At the last moment, though, he is happily recalled to his sense of duty. Mr. Damarel is an irresistible and ideal stage lover and he has gathered in his support a well selected company who impersonate the various types accurately. The atmosphere of the Philippine islands is cleverly conveyed in the special stage settings and the unique and daring dress of the inhabitants. Many musical numbers are interspersed with the weird strains of the music played on native instruments. The story is well commented, extremely dramatic at times and is given adequate presentation.

Ray Conlin, a clever ventriloquist, occupies a quarter of an hour with his almost-human dummy and holds the attention and amuses the audience with his bright and repartee and comedy dialogue. Thomas Hoier and Esther Boggs offer a comedy talking act, "The Lunch Counter Girl," which contains a number of amusing scenes. The Murray Love duo consists of two attractive girls and a young man who introduce songs and dances from the late musical comedies, dressing the act neatly and pleasing with their ability. Heras and Preston open the show with an acrobatic act that is lively and a Keystone comedy picture completes the bill.

### COOL COURAGE AT A HOT TIME.

To sit in a comfortable theater chair and gaze into the very mouth of the crater within the crater of Vesuvius and into a two-mile abyss of boiling lava is one of the new sensations included in Lyman H. Howe's travel festival which comes to the Oliver Dec. 31 and New Year's day, Jan. 1. It is needless to say the scenes were secured under stress of the severest physical and nervous tension any human beings could endure.

Certainly earth contains nothing that may be described as an inferno, more fittingly than what this remarkable film reproduces. The head and nerves of the chief photographer alone remained cool in the dense heat-laden atmosphere. One of his guides obeyed the impulse of self preservation and fled in terror from the shower of volcanic missiles falling all around them. He was carrying the tripod and became so crazed with fear that when he started his panic-stricken retreat he did not think of dropping it until the camera man yelled to him to do so.

### AGREE ON WAGE LAW

Plan Nine Hour Day at Minimum of \$1 for Arkansas.

LITTLE ROCK, Ark., Dec. 29.—At a conference in the office of State Labor Commissioner J. C. Clary Monday provisions of a minimum wage law were agreed to, removing a number of objections that might come up when the measure is introduced in the legislature which convenes in January.

It was agreed that the work day should be limited to nine hours and that the minimum wage for a given line of work are not to be required to undergo the apprentice period. In emergency cases, where it is deemed advisable, a board, consisting of the commissioner of labor, superintendent of public instruction and president of the state board of health, is authorized to investigate, and, if reasonable, allow variations from the above requirements.

### FOUND DEAD IN BED

Husband Believed to Have Killed Wife Then Self.

ANDERSON, Ind., Dec. 29.—Lee Perkins, a factory employee and his wife, both about 40 years old recently of Muncie, were found dead in their home here tonight when Mrs. Perkins' son, Perry Shumate, returned from Muncie. The woman had been shot three times with a revolver, evidently by her husband, who then shot himself in the heart. The dead woman's son said his stepfather was jealous of his wife.

### PLAN TO EVICT MINERS

Strikers Must Pay Up Back Rent or Get Out.

CLEVELAND, O., Dec. 29.—Eviction proceedings against 200 families of east Ohio striking miners at the Purdysville Coal company mines are to be begun immediately after Jan. 15 unless the miners pay ten months' back rent or give peaceful possession of the houses they occupy, the company announced Monday.

The company operates mines at Maynard, Stewartsville, Neff and Glencoe. It owns about 200 houses in those towns, in which its former employees live. Many of the families are destitute.

Preparations are being made to house the evicted families in tents.

### RUMELYS TO OPEN SOON

Vice President Says Slow However at Start.

LAPORTE, Dec. 29.—That the Rumely factories in Battle Creek, LaPorte and Richmond would open soon, but gradually and with a very few men at the start and not upon so large a scale as has been generally expected was announced Monday by John H. Guy, financial vice president of the Rumely company, following his return from New York where he attended a meeting of the directors of the company.

Of the financial affairs of the company and what arrangements had been made in this respect Mr. Guy had nothing to say. The exact time when the first mine would be employed was as yet undecided according to Mr. Guy although he intimated that it probably will be a few days. When questioned relative to rumors of probable receivership and continued idleness to the factory he smiled and replied that he had heard such rumors for a year and a half and that there was no more foundation for them now than ever before.

### CHARGED WITH ARSON

Honduras Consul Held for Burning of Home in Frisco.

SAN FRANCISCO, Dec. 29.—Fernando Zomoza Vivas, consul general of Honduras to San Francisco, occupies a cell in the city prison with a charge of arson hanging over his head. Vivas house caught fire last night and, according to the police evidence was found disclosing a well formulated

plan to burn the property. Vivas told the police that while Mrs. Vivas, who is the daughter of a former president of Honduras, was heating some water, she accidentally overturned an oil stove. The accused diplomat has communicated with the Honduras ambassador in Washington.

### THREE DEAD IN FEUD

Suspect Barricaded Self and Resists Officers.

BOONEVILLE, Ind., Dec. 29.—Three are dead, and one is dying, and the fourth, refusing to give himself up, is the summary of a controversy among a family of Negroes near Chandler, this county. Sam Jennings, aged 45, has barricaded himself at his home and refused to allow officers to take him into custody. It is believed that Jennings committed the deed, believing all were under the spell of a hypnotist.
